

K-LOVE radio serves me as a resident in my local community. I do not want to lose this great radio station. No other stations in my area meet the need that KLOVE does. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming; there would be no other LPFM broadcaster that could have the same type of programming this effectively. KLOVE is not just Christian radio, but it is a station that promotes high moral standards; counseling via radio and music; and prayer support for those who request it. Please do not take this option away from me.
